Heads Up - Special Discount at Yummy In My Tummy :)

Yummy In My Tummy
Organic Baby, Toddler and Finger Foods

So fresh, so organic, you'll be sneaking spoonfuls! When bringing your Little Tummys into the world, you want to protect them, keep them safe, and give them the best of

everything. That's where YIMT foods & products come to the rescue! Innovative, delicious & made with love!

Yummy In My Tummy is the kind of food that you can really feel good about giving to your child. It isn't odd concoctions with colors and flavors that aren't found in the natural world. It is real food - real gourmet food that is made with your baby's nutritional needs in mind. The foods will help get your little one off to a good start and ease the transition into eating healthy non-baby food.

The first thing I noticed when browsing the online store was all the little pictures of baskets that say 'Seasonal Specials.' Doesn't it make sense that fresh seasonal ingredients would be used in kid

friendly food? :)
